PROFESSIONAL SUMMARY

Driven by a passion for financial markets and investment analysis, I bring an analytical mindset and quantitative approach rooted in an IT engineering foundation. I seek opportunities at the intersection of finance and technology — where data-driven decision-making, risk evaluation, and strategic thinking create real business impact. With a results-oriented outlook and a commitment to continuous growth, I aim to build a career defined by financial acumen, precision, and purpose.

EDUCATION

Bachelor of Engineering (B.E.) – Information Technology

2023 – 2027

Thakur College of Engineering and Technology (TCET)
CGPA: 8.2 / 10
